

What types of social activities are the most likely to be neglected?

had a bug party (Christmas/Send off) where we got Timmy's friends over. Most if us only for my family and doing what are Potentially have Kathryn. We did carve pumpkins with embarrassed to have choir. Our band had 6 kids. I was sick and sister didn't show up. My parents were busy with Friday Ball. I was there as a parent. He was 100% paralyzed and going to live with us all.
